About Spanish Mountain Gold

Spanish Mountain Gold Ltd is focused on advancing its flagship Spanish Mountain gold project in southern central British Columbia. The Company has adopted a two-zone project approach in which the pit-delineated high grade core (the First Zone) of the multi-million ounce resource is expected to sustain a robust stand-alone operation exceeding 24 years. The positive economics of the First Zone have been demonstrated in a Preliminary Economic Assessment. Furthermore, the Second Zone could potentially expand and extend the project’s production profile for decades.
