Position: **Financial Accountant**

Location: Vancouver Office, BC

Availability: Immediate

Job Category: Full-Time

About the Role:

The **Financial Accountant** will be responsible for maintaining the Company's accounting records, supporting financial reporting activities, and ensuring that financial transactions are accurately recorded and reconciled.

Reporting to the Director of Finance, this role plays a key part in the month-end and year-end close processes, financial statement preparation, audit support, and the administration of accounting systems and procedures.

The position works closely with the finance team and other departments to support the efficient operation of the accounting function within a growing mineral exploration and development company and will contribute to the continued development of accounting procedures, process documentation, and reporting improvements.

What You'll Do:

- Lead month-end close activities, including journal entries, accruals, and accounting adjustments.
- Perform year-end close activities and prepare year-end financial statements and supporting schedules.
- Prepare and maintain balance sheet reconciliations, supporting schedules, and working papers, including the fixed asset and depreciation schedules.
- Support external reporting, including quarterly and annual financial statements and related regulatory filings.
- Coordinate external audit and review requests, prepare audit working papers, and act as the primary point of contact for the auditors on information requests.
- Manage Internal Control over Financial Reporting (ICFR) controls, including control documentation, performance and evidence of key controls, and maintenance of the Risk and Control Matrix (RCM).
- Support tax filings and other statutory reporting requirements.

What You'll Bring:

- Bachelor's degree in accounting, Commerce, Finance, or a related discipline.
- CPA designation or enrollment in the CPA program is considered an asset.
- 3–5 years of progressive accounting experience, including month-end close, account reconciliations, and financial reporting.
- Experience in mining, exploration, engineering, construction, or project-based industries is considered an asset.
- Advanced proficiency in Microsoft Excel.
- Proficiency in QuickBooks Advanced is considered an asset.
- Strong understanding of general ledger accounting and account reconciliations.
- Experience preparing financial reports and supporting schedules.
- Strong organizational and analytical skills with attention to detail and a commitment to accuracy.
- Ability to work independently, manage multiple priorities, and contribute positively to a collaborative team environment.

Why Join Us

- We offer a competitive salary, commensurate with experience
- Extended health & dental benefits
- Collaborative, small-team environment with growth potential as the company advances
- Opportunities for professional development in a growing development-stage project environment.
- Your contributions will directly support the Company in building its in-house accounting and financial reporting function.
